Dee Atkinson & Harrison

It briefly comprises: an Entrance Hall, a Living Room with bay window to the front and windows to two further aspects, a Dining Room with bay window to the front and further window to the side, a Study, a modern fitted Kitchen with a range of appliances, breakfast bar and windows to two aspects and then the large room at the back which is nearly 400 sq. ft in its own right and has multiple windows over two aspects. To the first floor is a Master Bedroom with a bay window, extensive fitted bedroom furniture and an en suite Shower, a further Double Bedroom also with a bay window, a Single Bedroom, Bathroom and separate WC. There is a good size lawned front garden with a high hedge and low wall to the roadside which help to shield it from the road. Remotely operated double gates provide access to the property from the road and lead to a large area of hardstanding and parking which make up much of the plot. The yard dog-legs towards the northern side and in this area there are a number of storage units. What is likely to be of significant interest to most purchasers is the large workshop of over 1400 sq. ft that is also tall which has been used to work on haulage vehicles. There are two high (around 15 ft) electric doors to the western aspect and one to the south. This space could be useful for use as workshop, warehouse or just to accommodate vehicles or motorhomes (business use subject to any necessary permissions) but the workshop is well built.

- Outside - There is a lawned garden to the front of the property which helps set it back from the road from which screening is provided by a high hedge and low brick wall on the outside. The property is accessed via remotely operated electric gates which opens onto a large parking and hardstanding area which takes up much of the 0.37 acre plot. The hardstanding dog-legs at the north west corner where there are a number of storage buildings. In the north east corner there is a large workshop offering over 1400 square feet of space. This can be accessed via three high (around 15 ft) electric doors, two on the western side and one on the southern side. There is also a courtesy door on the southern side. The workshop is tall enough to accommodate motorhomes and haulage trucks and is in excellent condition. It may well appeal to buyers for personal use as a workshop or for storage but may also be ideal for running a business from (subject to any necessary permissions). These could range from a plumber's to electrician's yard, vehicle engineering or even a warehouse, (again, subject to necessary permissions). It does not currently have a rateable value. The potential for use for commercial activities is enhanced by the excellent connection to the road network provided by its location on the A1033. The A1033 links to the A63 and M62 providing connections to the local and regional road network.

DESCRIPTION

A very well presented 3 bedroom detached 1930s style detached house on a plot of around 0.37 acres that provides a yard area with extensive parking and also accommodates a large workshop of over 1400 square feet. The property, which is currently being used as an operating centre for 4 HGVs and 2 trailers, is likely to be of particular interest to those looking for a home with significant storage space or buyers looking to run a business from home (subject to necessary permissions). This well appointed residential property provides nearly 1800 square feet of accommodation including a large ground floor room with a full size snooker table that may also be used for a variety of different purposes. The property is very well presented with a modern kitchen, bathroom and shower room. With gas fired central heating and uPVC double glazing. A special property that is in excellent condition in all areas which would suit a wide range of potential purchasers. Early viewing is highly recommended to fully appreciate all that it offers but we do have a 360 degree tour that will provide an excellent insight in the first instance. There is no forward chain.

LOCATION

The property is situated on the east side of Hull and provides immediate access to the A1033 which links to the A63 and then M62.
