WHY WE LOVE THIS HOUSE...

"Copper Beeches has been a labour of love for us, having taken on a derelict 17th century 2 up 2 down ramshackle cottage in 2012, we completely rebuilt it from the ground up and by 2014 had created what has been a wonderful five bedroomed family home for us and our children, it really is the chocolate box cottage we always dreamed of. It has historic cottage design and styling without being cramped, from the galleried hallway at the heart of the house, to the high ceilings upstairs with loads of oak beams and a lovely aspect over the fields and the canal. A garden that's not overlooked, big enough to play footie in, grow some veg and have big parties, but still be manageable; and a garage we built oversized to comfortably accommodate two large cars with a guest suite looking out over the canal, which we have used as a sixth bedroom, four man office, music room, art room and kids play room over the years. It really has been the perfect old cottage but built to modern standards of heating, double glazing, insulation, and much more. Our Harry Potter garden pub is a favourite spot at any time of year, and as we're at the end of a gravel drive, it's in the heart of the village but very private and quiet. It's just a five minute walk to the shops, dentist, award winning butchers, doctors, and all three pubs. We love the view over the canal, stepping straight out of the door onto the footpaths to the north of the village, and a driveway big enough for half-a-dozen cars. We work from home and there are three rooms we now use as office space for us and a study room the kids, and we have fibre broadband connected. There's still plenty of room to extend or add a garden room if you wanted to, but it's always been more than enough for our family and bonkers Cockerpoo. Summer has been barbeques, stargazing, and watching the fox cubs in the field from our bedroom window, Christmas has been cosy nights by one of the three woodburners and family dinner in the formal dining room. Whoever comes after us will be the custodian of a wonderful old house, which we're often told is one of the finest in this lovely village".

OUTSIDE (gardens wrap around three sides of the property, with a patio area catching the morning sun, a south facing courtyard area, and a west facing deck for evening drinks around the fire by the garden bar).
