Georgian Development Opportunity in Gloucester Conservation Area

An exceptional opportunity to acquire a handsome Georgian property situated within a highly regarded conservation area of Gloucester. Rich in period character, this attractive building offers significant development potential with full planning permission granted for conversion into three self-contained one-bedroom apartments.

Formerly used as office premises, the property presents an ideal canvas for sympathetic redevelopment, combining historic architectural features with modern residential living. The approved scheme provides an excellent opportunity to create desirable apartments in a location where demand for quality accommodation remains strong.

The property benefits from its central and well-connected position, close to local amenities, transport links, and Gloucester's historic attractions, making it an appealing proposition for both owner-occupiers and tenants alike.

This is a rare chance to invest in a characterful Georgian building with consent in place, reducing planning risk and offering clear potential for capital growth and rental returns.
