All windows are modern double glazed, wooden sash or casement, with traditional styling, maximising natural light and energy efficiency.

The whole plot is approximately 1.65 acres, including a pasture, with tractor shed and vehicular access. There are stunning views to the rear of the property to the Coquet valley and across to the coast.

Longframlington is a popular Northumberland village with good amenities including a village shop, doctors surgery, popular cafe, pubs, village hall, village green and park. It's well connected by road to Morpeth, Alnwick and beyond with transport links to the city, the coast and national parks.
