Mikaela says:

"One of the things I love most about this home is its location. Having green open space, a park and lovely walking routes right on your doorstep gives it such a peaceful feel, while still being close to everything Mickleover has to offer."

As soon as you step inside, there's an immediate feeling of space. I really like how the ground floor offers separate living areas. There's a bright, comfortable living room to the front, a dedicated dining room for family meals or entertaining, and then the kitchen diner really steals the show. It's a fantastic family space with plenty of natural light, a breakfast bar, integrated appliances and doors opening straight onto the garden. The separate utility room and downstairs WC are practical additions that make everyday life that bit easier.

To the middle floor, you'll find four genuine double bedrooms, including a superb main bedroom with a walk-through dressing area and 4 piece ensuite. The family bathroom is beautifully finished with both a bath and separate shower.

The top floor is another fantastic feature because it's so versatile. The fifth bedroom has its own ensuite shower room, while the spacious landing is big enough to use as a home office or reading area. There's also another room that could easily become a sixth bedroom, guest room, gym or playroom depending on your needs!

One thing that really surprised me was the amount of storage throughout the house. It's something you don't often find in newer homes, but here there are cupboards and practical storage solutions everywhere you need them.

Outside, the garden has been thoughtfully landscaped with established planting, a lovely water feature and plenty of space for outdoor dining and relaxing. Add in the double garage, driveway parking and a fantastic location, and you've got a home that's not only beautifully presented but incredibly easy to live in."

A message from the seller:

"This beautiful bright and spacious house has been our home for over 7 years. For much of this time we have been a household of five and I can honestly say, there's been plenty of room for everyone! We've really enjoyed putting our own stamp on the house and have appreciated how thoughtfully and practically this David Wilson house has been designed. Our South facing, easy to maintain garden has been a source of much enjoyment over the years, whether just "pottering" or relaxing and making the most of sunny days. The house has a great aspect with plenty of open parkland around it. We are also within easy walking distance of a number of pubs, restaurants and shops. Finally, we benefit from great public transport routes, finding it easy to get to Derby or Burton and a number of great villages along the way!"
