Externally, the property benefits from a private front yard and an attractive south-facing rear garden with lawned, gravelled and decked areas, complemented by mature shrubs.

Entrance & Hallway

An attractive wooden entrance door opens into the hallway, where a staircase directly ahead rises to the first-floor accommodation. A door to the right provides access to the ground-floor living accommodation, while a characterful single-glazed feature window adds further charm to the entrance.

Natural light floods the room from a front facing UPVC double glazed window and rear facing glazed patio doors, which also provide direct access to the garden. Full of character, the room features a cast iron fireplace, fitted shelving within one alcove, decorative ceiling coving and ceiling roses. Original wooden flooring lies beneath the existing floor covering and offers the potential to be restored and showcased as an attractive period feature. A further door leads through to the kitchen.

A well proportioned kitchen offering ample space for a breakfast area to the rear. Fitted with a neutral Shaker-style kitchen complemented by attractive solid wood worktops, the room benefits from a range of integrated appliances which were replaced in 2017, including a fridge/freezer, dishwasher, oven and hob, together with space and plumbing for a washing machine. UPVC double glazed windows to both the side and rear elevations allow plenty of natural light into the room, while a part-glazed UPVC door provides direct access to the rear garden.

10'7" x 11'8" (3.24m x 3.56m)

Concrete steps lead down from the kitchen to a useful cellar, providing a versatile additional space with potential to be utilised as a snug, home office, hobby room or simply for storage. The cellar is insulated and benefits from electricity and central heating, making it a particularly practical and usable space. There is also a separate storage cupboard measuring approximately 1.00m x 1.65m, providing further valuable storage.

The space already benefits from a Velux roof window providing natural light and is currently accessed from the first-floor landing via a pull-down ladder.

External

To the front, the property is approached via a private yard leading to the entrance door. To the rear is an attractive south-facing garden, offering a combination of gravelled, lawned and decked areas, providing plenty of space for outdoor seating and entertaining. Mature shrubs add character and greenery to the garden, which also benefits from an outside tap and external lighting.

Additional Information

Since owning the property, the current vendors have carried out an extensive programme of improvements and upgrades, including replacement windows and doors in 2015, a new bathroom and replacement roof and guttering to the front and rear extension in 2016, followed by a new kitchen with integrated appliances in 2017. Further works have included damp-proofing and cellar tanking and new electrics in 2025, with an electrical certificate available. The boiler has also been serviced annually through British Gas HomeCare. A flue liner has been fitted to the chimney in the front reception room, which is ready for the installation of a log burner. The attic benefits from Velux windows and offers excellent potential for conversion into an additional bedroom, subject to the necessary consents, with plans having previously been drawn up. The bathroom was originally located on the ground floor before being relocated upstairs in 2017, and the vendors advise that the original arrangement could potentially be reinstated, allowing the current bathroom space to be returned to a third bedroom if desired.
