This exceptionally spacious and truly unique two-bedroom ground floor maisonette has been extensively refurbished and significantly extended by the current owners to create a stunning home finished to an impressive standard throughout. Far larger than many properties of its type, the accommodation is centred around a superb pitched roof rear extension which provides a magnificent kitchen and dining room, perfectly complementing the generous living room. Flooded with natural light from two Velux windows and patio doors opening directly onto the garden, this impressive space offers a bright and airy atmosphere ideal for both everyday living and entertaining. The property also benefits from two well-proportioned bedrooms and beautifully presented accommodation throughout, allowing any prospective purchaser to move straight in and enjoy.

Externally, the property continues to impress with a beautifully landscaped rear garden providing a wonderful private setting for relaxation and outdoor entertaining. A further feature is the larger than average garage situated to the rear, together with additional off-road parking directly in front, offering excellent practicality and convenience. Rarely do maisonettes offering such generous accommodation, quality of finish and outstanding outside space come to the market, making this an exceptional opportunity that simply must be viewed to be fully appreciated.
