FOR SALE LEASEHOLD

Occupying the top floor of this distinctive development, the apartment is beautifully presented and has been thoughtfully reconfigured to create a particularly appealing two-bedroom home. Clever design and careful attention to detail have made excellent use of the available space, resulting in an apartment that feels both stylish and exceptionally well thought out.

The Atrium is an unusual and attractive development, comprising just 23 apartments arranged around a dramatic central atrium. Instead of conventional enclosed communal corridors, the access walkways are open to the atrium itself, creating an architectural feature that gives the building a character rarely found in apartment developments. The apartment is approached by either lift or stairs and occupies a private position on the top floor.

Inside, the accommodation has been comprehensively considered by the current owner. Originally designed as a one-bedroom apartment, it has been cleverly adapted to provide two bedrooms without compromising the sense of space. Both bedrooms open directly onto the balcony, creating a lovely connection between the living accommodation and the outside.

Sheltered and peaceful, the balcony looks towards the established trees surrounding this mature residential setting, creating a calm and private place to sit outdoors. From the living room, there is also a pleasant outlook towards the sea, adding another dimension to the apartment's position.

The kitchen has been redesigned specifically to make the most of its compact proportions. It is exceptionally well planned, with an impressive amount of storage and range of integrated appliances, while the overall finish is clean, contemporary and in keeping with the quality of the rest of the apartment.

The shower room has also been thoughtfully updated, with the original bath removed to create a beautifully appointed walk-in shower area. Elsewhere, a dedicated utility cupboard houses the washing machine, discreetly keeping practical elements of everyday living out of sight. This cupboard also houses the recently installed Glow-worm combi boiler.

Throughout, the apartment has been presented with considerable care. A calming palette of colours, carefully chosen finishes and an absence of wasted space combine to create a home that feels polished, comfortable and remarkably easy to live in.
