Located just off Station Avenue on the highly desirable Houlton development, this beautifully presented and energy-efficient three-bedroom semi-detached home combines elegant design with sustainable living. Ideally positioned close to the new David Lloyd Club gym and the proposed Rugby Parkway train station, the property offers excellent lifestyle and future connectivity appeal. Featuring an air source heat pump, the home provides modern comfort with impressively low running costs.

The spacious ground floor offers an impressive open-plan living, kitchen and dining area, ideal for modern family life and entertaining. Upstairs, the home continues to impress with three generously sized bedrooms. The main bedroom enjoys attractive views over the park and benefits from a stylish ensuite shower room. All bathrooms are fitted with Roca sinks and toilets, complemented by porcelain floor tiles, enhancing the home's modern appeal.

Externally, the property is particularly unique in that it benefits from two private off-road parking spaces, including its own separate and exclusive parking bay, a rare and highly sought-after feature within the development. To the rear is a landscaped, low-maintenance garden with a bike shed. There is also provision for a cable run into the property, allowing for straightforward installation of an EV charger.

Offered with no upward chain, this spacious and turn-key home presents an excellent opportunity for buyers seeking style, sustainability and convenience, ready to move in.
