Of cavity wall construction under a pitched roof, this updated 1930's property benefits from gas fired central heating and double glazing throughout, solar panels, an EV charging point, a modern kitchen, shower room and bathroom, a utility room, a garage with off road parking and large garden to the rear with a stream running through and direct access to The Parks Walk.

The accommodation comprises in brief: entrance through front door into hallway with stairs to the first floor, understairs cupboard and doors to the lounge diner and kitchen.

The kitchen is a large L-shaped room which wraps around the back of the house. Two roof lights, a window and tri-folding doors all create a lovely, light room with ample space alongside the tri-folds to sit and enjoy views over the garden. The kitchen itself is fitted with a modern range of gloss wall and base units and sink with drainer incorporated into wooden work surface with upstands. There are also integrated appliances to include an oven, gas hob with extractor hood over and microwave and

space for an American style fridge freezer. The utility room leads off of the kitchen and has a door into the ground floor fitted shower room, personal door into the garage and a door to the garden.

The lounge diner is a large room with open access to the kitchen seating area, window to the front and fireplace.

To the first floor there is a landing area with window to the side and doors to the bedrooms and bathroom. Two of the bedrooms have aspects to the front and the third to the rear with lovely views towards the Woodcombe woods. There is also a fitted bathroom.

Outside to the front there is a driveway providing off road parking leading to the garage.

The rear garden is a particular feature of this property and is large and predominantly laid to lawn with gated access to The Parks Walk and a pretty stream running through.
