Accommodation

Stepping into the property, you are welcomed by a generous entrance porch, providing an ideal space for coats, shoes, and everyday storage. From here, the spacious hallway sets the tone for the home, offering access to three reception rooms, the kitchen/breakfast room, and a convenient cloakroom fitted with a WC and wash hand basin.

The first reception room, currently used as a living room, is bright and inviting, benefitting from a bay-style sash window to the front aspect that allows for plenty of natural light. A charming open fireplace with mantle and hearth creates a focal point, adding warmth and character. French doors lead seamlessly into the second reception room, which is well-proportioned and presently arranged as a dining room, making it ideal for entertaining.

Continuing through, a delightful sun room enjoys pleasant views over the garden and features French doors opening onto the

outdoor space, creating a lovely connection between inside and out. The third reception room offers excellent versatility and is currently used as a snug, though it would equally suit use as a playroom, study, or additional sitting room.

Extended by the current owners, the kitchen breakfast room forms the heart of the home, a sociable and contemporary space enhanced by bi-fold doors that open up to the garden. The kitchen is well-equipped, offering extensive work surfaces with white quartz countertops, alongside a range of floor and eye-level units providing ample storage. Integrated appliances include two electric ovens, a microwave, warming drawer, dishwasher, fridge freezer, and a five-ring gas hob with extractor above, making it both practical and highly functional for modern living.

The stairs lead to the spacious first-floor landing, which opens onto four well-proportioned bedrooms, each benefiting from ample natural light and retaining a

wealth of period charm. The master bedroom is particularly generous in size, offering plenty of space with the benefit of built-in wardrobes and an en suite shower room, while the remaining bedrooms provide flexible accommodation ideal for family use, guests, or a home office.

The family bathroom is neatly appointed and comprises a bath with overhead shower, wash hand basin, and complementary tiling. Adjacent to this is a separate WC, adding further convenience for a busy household.

The landing itself enhances the sense of space, with room for additional storage or occasional furniture, and provides access to all rooms, completing this well-balanced and practical first-floor layout.

Garage

To the side of the property is a substantial garage accessed via attractive barn-style double doors, allowing convenient vehicular entry. To the rear, the garage opens into a practical workshop area, complete with a door leading directly to the rear garden. The space benefits from both power and lighting, making it ideal for a variety of uses including storage, hobbies, or DIY projects.

Outside

The property is approached via a private driveway, which provides ample off-road parking and leads to a large garage. A central entrance porch frames a striking front door, while mature shrubs, established planting, and a well-kept lawn soften the

frontage and create a welcoming approach. The setting feels both private and well screened, with greenery bordering the driveway and front garden.

To the rear, the property sits within approximately 0.35 of an acre of beautifully maintained gardens, offering a wonderful sense of space and privacy. A generous patio area spans the immediate rear of the house, providing an ideal space for outdoor dining and entertaining, with direct access from the house through French and bi-fold doors. Beyond, an expansive lawn stretches out, interspersed with mature trees, flowering borders, and established planting that create a peaceful and picturesque setting. The garden enjoys a high degree of privacy and is thoughtfully arranged with pathways, seating areas, and well-stocked beds, making it suitable for both family use and entertaining. Overall, the grounds provide an exceptional outdoor environment, rarely found with properties of this type.
