Situated in one of Ulverston's most sought-after elevated residential locations, this extended detached family home occupies a pleasant position within a small cul-de-sac, enjoying convenient access to the town centre, local amenities, and delightful views across Ulverston and towards Morecambe Bay. Built in the 1970s and lovingly owned by the same family for many years, the property is now offered for sale with the advantage of vacant possession and no onward chain. While the property would benefit from a programme of modernisation, this has been thoughtfully reflected in the realistic asking price, presenting an excellent opportunity for purchasers to create a superb family home tailored to their own tastes and requirements. The generously proportioned accommodation comprises of an entrance porch, welcoming hallway, spacious lounge with foal point coal effect living flame gas fire, dining room, additional sitting room, kitchen, and a useful cloakroom/WC. To the first floor are four well-sized bedrooms, including a principal bedroom with fitted furniture and some fine views. The family bathroom is fitted with a four-piece suite and benefits from underfloor heating for added comfort. Externally, the property enjoys driveway parking to the front, with steps leading to a low-maintenance front garden and access to both the main entrance and the rear garden via a side pathway. The attractive rear garden is arranged over split levels and has been carefully maintained, featuring a patio seating area, generous lawned sections, established plants and shrubs, and a timber garden shed which is included within the sale. Further benefits include double glazing and gas central heating system throughout. Offering outstanding potential, generous family accommodation, and an enviable location, this is a rare opportunity to acquire a home with scope for enhancement in one of Ulverston's most desirable settings. Early viewing is highly recommended to fully appreciate all that this property has to offer.

Accessed through a PVC door into:
