Garden Cottage is a welcoming detached house that we believe was constructed in the 1800's and which has then been later extended. The property is of traditional brick and timber frame construction, with part brick, part tile clad and part weatherboard elevations beneath a pitched tiled roof, and part flat roof, with a mix of UPVC and timber casement double glazed windows. The property is situated between German Street and Rectory Lane in a quiet position surrounded by gardens and benefits from being within walking distance of all Winchelsea amenities including shop, primary school, pub, cricket club, and St Thomas's church.

The property is approached from German Street through a wooden picket gate leading down a private paved path to a cast iron half moon gate that opens into a paved garden with path leading around to side entrance door.

A central side door opens into a glazed entrance hall off which is a ground floor cloakroom/WC and opposite a coat cupboard. A central door opens into the dining room with corner fireplace, under stairs cupboard, exposed timbers, and access door through to the kitchen /breakfast room which benefits from double aspect windows and is fitted with hand painted shaker style units with wood worktops, ceramic sink and drainer, space and plumbing for a dishwasher, and large gas range cooker. A connecting door leads from the kitchen into a utility room with further shaker style units with wood worktops, double sink and plumbing for a washing machine, and a rear access door that leads out to the garden. A set of French doors lead from the dining room out into a south facing conservatory with French doors opening out to the garden and a single glazed side door on the opposite side.

A further door leads from the dining room into a small hall / stairwell that leads through to a generous living room with double aspect windows and central feature gas fireplace. The stairs lead up to a first floor landing off which is the principal bedroom with double aspect windows, built in wardrobe, and ensuite shower room with walk in shower, bidet, close coupled WC and washbasin with vanity unit below. Opposite the principal bedroom is a second generous double bedroom with corner mantel piece, south facing window and built in wardrobe. A landing passage leads from the top of the stairs to a third smaller double bedroom, and the family bathroom with panel bath, walk in shower, close coupled WC and washbasin with vanity unit below. Externally the property benefits from a wrap around garden that is a mixture of paved and gravel seating areas, providing a number of different seating areas for different times of the day including a small timber summer house situated in the corner of the western garden area.
