Shared Ownership – an introduction

Unleash your dreams of homeownership with the Shared Ownership scheme!

Whether you are leveraging a mortgage or using your savings, you are not stuck at your initial share. In most cases you can keep buying more, bit by bit, until you own 100% of your dream home.

But what if life takes a new turn? No worries! You can sell your share anytime, taking any equity you have built right along with you. It is flexible, it is feasible, it is the future of homeownership!

Did you know?

The combined monthly cost of rent and your mortgage payment is often cheaper than privately renting a similar home or buying outright. Visit [homemadehomes.com/calculator](https://www.homemadehomes.com/calculator) to get an estimate of what your monthly costs could look like.

This initiative, backed by the Government, is your golden ticket to climb the property ladder. It is a game-changer, a door-opener to that next step in home buying that might have seemed like a distant dream. No longer is that dream home out of reach. With Shared Ownership, it is right there at your fingertips!

Imagine stepping into a home that has been tailored to your budget, where you own a share - anywhere from 10% to 75%. You are not a tenant; you are a part-owner, paying rent only on the share you do not yet own.

What are the benefits of Shared Ownership?

Unshakeable security

Say goodbye to the uncertainty of private rentals. With Shared Ownership, your home is your castle, offering long-term peace of mind. No more intrusive inspections or sudden notices to vacate. Your home, your rules!

Ride the property wave

As a Shared Ownership homeowner, you are not just living in your home; you are investing in it. If property values rise, so does the value of your share. When it is time to sell, you will reap the benefits of any increase in your share value.

Unleash your creativity

This is not just a house; it is your canvas. Paint the walls, hang your favourite art, or transform the garden into a personal oasis. Dreaming of a loft conversion or a new extension? Just check in with us and let us make it happen!

Lower deposits, higher dreams

Forget about hefty deposits based on the full market value. With Shared Ownership, your deposit is calculated on your share of the home. It is a game-changer, making homeownership more accessible than ever before.

	Traditional Home Purchase	Buying 25% share with Shared Ownership	Buying 40% share with Shared Ownership
Full Market Value	£250,000	£250,000	£250,000
Share Value	N/A	£62,500	£100,000
5% Deposit	£12,500	£3,125	£5,000

*The exact percentage will be determined by eligibility, affordability, and development specific criteria.

*Some Shared Ownership homes limit the maximum share you can purchase; we will let you know if this applies to your home.

The deposit percentage amount will depend on your individual eligibility with mortgage lenders. Five percent is considered a minimum and you may benefit from lower mortgage rates if you have a higher deposit available.

How Shared Ownership works

Shared Ownership is an alternative approach to home ownership. It is a great detour for those who find the conventional path of deposit and mortgage payments a bit out of reach.

Now, do not let the term 'Shared Ownership' mislead you - it is not about living with others (unless you choose). You own a chunk of your home, anywhere between 10% to 75%. You get to call the home 'yours', while you pay a rent on the remaining share.

Many of our customers, leverage a mortgage to acquire their share, while the rest of the property stays on a 'rent-light' basis. It is a fantastic way to enjoy the buzz of ownership without feeling the pinch in your pocket.

Let us look at an example purchase using Shared Ownership:

Full Market Value	£250,000
Share Percentage	40%
Share Value	£100,000
Deposit #	(from) £5,000
Mortgage Amount	£95,000
Monthly Mortgage Payment	£539.40
Monthly Rent	£343.75
Monthly Service Charge Payment	£30.00

You will only need a deposit for the share you are acquiring, which will be around 5% or 10% of the share's cost. This means you can stow away your worries about hefty deposits - it can be significantly less than when you are purchasing a property in the open market. Want a better visual? Turn to page 4 for an illustration.

Every home under Shared Ownership is offered on a leasehold basis - but do not let this term daunt you. Imagine your lease as a protective armour, much like a tenancy agreement. It safeguards you and us, outlining each of our duties and obligations clearly. Moreover, it seals your rights and responsibilities in legal ink and chalks out the term's duration (typically at least 99 years from kick-off!). And do not fret about getting lost in the details - our website shines a spotlight on each property's lease duration.

The mortgage interest rate used in the calculation is 5.5% on a term of 30 years. The service charge is estimated and will vary depending on the services offered.
 # The deposit percentage amount will depend on your individual eligibility with mortgage lenders. Five percent is considered a minimum and you may benefit from lower mortgage rates if you have a higher deposit available. Always seek independent mortgage advice.
 YOUR HOME MAY BE REPOSSESSED IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE OR RENT

Buying more shares later

Shared Ownership is not a static journey; it is your escalator to incrementally owning more of your home. You can choose to increase the share you own, thereby pumping up your equity and decreasing the rent on the remaining portion. This process is known as 'staircasing'. In most scenarios, you can stride towards 100% ownership, making rent a thing of the past. However, there might be some properties that set the limit at 75% or 80% ownership - rest assured, we will keep you in the loop if there is a cap on acquiring additional shares in your chosen property.
