

HEARTWOOD
HOMES

Lower Luton Road, Wheathampstead, St. Albans, AL4 8HQ

£500,000

 3  1  1

Enjoying stunning views of the surrounding countryside and ideally located, this charming Victorian end-of-terrace home offers generous family accommodation across three well-arranged floors. Boasting three great size bedrooms, it perfectly blends period character with modern style.

At the heart of the home is a welcoming 22ft open-plan lounge and dining area, featuring beautiful oak flooring and a fully functional open fireplace. This space seamlessly connects to both the rear garden and the stylishly refitted kitchen.

The sleek, modern kitchen has been thoughtfully designed to maximise space and functionality. It leads to a tasteful family bathroom, complete with a contemporary suite.

On the first floor, you'll find a spacious principal bedroom highlighted by an eye-catching exposed brick feature wall, while the second bedroom enjoys peaceful views over the rear garden and open countryside.

A staircase leads to the top floor, where the third double bedroom—currently used as the master—benefits from lovely views and newly installed eaves storage.

Outside, the front garden is enclosed by hedging and fencing, while the sunny south-facing rear garden offers both a large patio and a lawned area. A separate storeroom/utility room with electricity provides additional practicality.

The current owners lease a nearby garage from the local authority—just a couple of minutes' walk from the house—which could be transferred to new owners. Additional guest parking is also available in nearby Folly Fields.
