Our Vendor Loves...

The house itself was perfect for our needs. The garden is big enough to grow some veg and flowers and small enough to be easy to maintain. The summer house having electricity made it a great additional space for an office. We love the period features of the house. The chimney has not been closed off so a wood burner could easily be installed. We also put in double glazed sash windows and plantation shutters to remain in keeping with the London brick facade. Even though the house is only 6 minutes from the station (and therefore 12 mins to London Bridge) Percy Road remains a quiet street with nice neighbours and very little traffic, there's even a Whatsapp group with our neighbours for sharing info. Also, being so near South Norwood Country Park, it's a gem for dogwalking, park run and cycling. You can also reach the beautiful countryside of Surrey and Kent easily.
