Offered to the market with vacant possession and no onward chain, this individually designed three bedroom detached home occupies a generous plot within the highly sought after south end of the town – a location where properties are consistently in strong demand.

Providing a substantial footprint both inside and out, the home is ideal for families or buyers seeking space and long term potential. Internally, the property offers two well proportioned reception rooms, creating flexible living accommodation suited to modern family life, whether for entertaining, home working or separate living areas.

Externally, the property truly stands out with a deceptively large rear garden, offering an abundance of space for children to play, keen gardeners to develop, or simply to enjoy as a private outdoor retreat. A long driveway provides ample off street parking and leads to an integral double garage with electric door, adding both practicality and convenience.

While the property would benefit from some cosmetic updating, it presents an excellent opportunity for a buyer to add value and tailor the home to their own tastes – something increasingly sought after in today's market.

A rare opportunity to acquire a spacious and individual home in a prime location, offering huge potential and not to be missed.

The property is set back from the roadside behind a front garden with mature planting, creating an attractive approach. A driveway provides off street parking and leads to the integral double garage, which benefits from an electric up and over door as well as a personal door giving access to the rear garden.

To the rear, the property enjoys a deceptively large garden, mainly laid to lawn and complemented by a variety of well established plants and shrubs. A patio area adjoins the rear of the home, providing an ideal space for outdoor dining and entertaining, while the enclosed boundaries offer a good degree of privacy.

Entry to the home is via a front entrance porch, which opens into the central hallway with stairs rising to the first floor.

The main lounge is positioned to the front of the property and features a large bay window allowing for plenty of natural light, centred around a traditional open fireplace which forms a focal point of the room.

A second reception room is located to the rear, with patio doors opening out to the garden. Positioned adjacent to the kitchen, this space works equally well as a formal dining room, additional sitting room or playroom depending on requirements.

The kitchen is fitted with a range of units and enjoys views over the rear garden. A rear entrance lobby provides access outside as well as internal access through to the garage, adding to the practicality of the layout.

To the first floor, a central landing leads to three good sized bedrooms. One of the bedrooms benefits from a door opening onto a flat roofed area above the garage, enclosed by a parapet wall.

The family bathroom is fitted with both a bath and a separate shower cubicle, with the WC positioned separately for added convenience.
