Location

Nottingham is a major provincial city in the East Midlands with substantial interests in retail, manufacturing, education, call centres, offices, warehousing and distribution. Nottingham City has a population of circa 275,000 persons, 90,000 students, a leisure catchment of 750,000 and a shopping population of approximately 2,000,000.

Sherwood Rise is located about 1½ miles due north of Nottingham City Centre and runs north-westerly from its junction with Mansfield Road and Gregory Boulevard to connect with Nottingham Road and eventually Western Boulevard, part of the outer Nottingham ring road.

This property is situated approximately one-third of a mile north of the junction with Mansfield Road, and a return frontage to Alexandra Street and a southern boundary to Hamilton Road.

In the main the surrounding properties are occupied predominantly for residential use, although in previous years a number of properties along Hamilton Road were occupied for office purposes. Some still remain occupied for that use, but in a number of instances the sites/buildings have been redeveloped for residential purposes.

This is a very good residential location, conveniently situated for Nottingham City Centre and the other local amenities on Mansfield Road, a short 5 minutes walk.
