Banc Y Saeson

Whitland

A spacious detached smallholding with approximately 2 acres, situated in a secluded yet convenient position, between the town of Whitland and village of Llandewi Velfrey. The accommodation is generously spacious with 3 reception rooms and 3-4 bedrooms, offering traditional charm and character throughout with delightful country views. The property offers excellent outside space with a good size gated front driveway, side and rear yard, all providing excellent parking and storage space for vehicles, trailers, machinery etc. Adjoining the house to the side are 2 stone stables which also provide excellent potential for conversion, subject to planning, as well as a rear courtyard with large stone barns, ideal for general storage/animal housing etc. The land wraps around the far side and rear, providing general grazing, ideal for a small number of animals. Viewing is essential to appreciate the size and amount on offer.

Situation

The property is situated in a semi-rural setting, being just outside the town of Whitland, enjoying an excellent balance of countryside and convenience. Whitland is approximately 2 miles away, providing everyday amenities and a railway station with connections to Carmarthen, Swansea and beyond, while the popular market town of Narberth is around 6 miles away for an excellent range of independent shops, cafés and restaurants. The stunning Pembrokeshire coastline, including the beaches at Amroth, Saundersfoot and Tenby, can be reached in around 20–30 minutes by car, offering some of West Wales' finest coastal scenery. The A40 is also easily accessible, providing good road links to Carmarthen, Haverfordwest and the wider region.

Externally

The property is accessed by a shared gated entrance track which leads down to the property, passing only one neighbour. Then, a private gated driveway leads to the front of the house where there is a good sized parking and turning area for several vehicles. Gated access leads on to a yard on the far side, where the current owners park horse trailers, 4x4's etc and is a useful area for implements/machinery. From here, gated access leads into the land. Adjoining the house are 2 stone built stables, which also offer potential for conversion (subject to planning). The rear yard is accessed by a gate on the side of the house and provides more parking and turning space, from where the outbuildings are accessed.

Outbuildings

There are 2 stone barns situated opposite each other across the rear yard, one being in good order which adjoins the stone stables and provides 2 large internal barn/storage areas. The other is opposite and detached, still providing good general storage, but the roof and building would benefit from some improvement. Between the stone barns there are a run of dog/cat kennels made from galvanised metal.

Land

Please see our boundary plan for identification. The land, which amounts to approximately 2 acres or thereabouts, is situated on the far side and rear, with gates access from across the front of the house. The land is sloping in places but suitable for general grazing.
