The Property

2 Church Cottages forms part of the particularly attractive street scene to this charming rural hamlet.

Grade II listed with the neighbouring No. 1 Church Cottages, these pair of vernacular dwellings are likely to date from the late 18th century (or possibly earlier). Having been owned by the same family since 1945, both cottages been tenanted for many years, however, No. 2 is now vacant.

Essentially arranged over three floors, the accommodation comprises two generously proportioned front reception rooms, each with working fireplaces and windows overlooking Church Road. To the rear is the storey kitchen, ground floor bathroom and an inner lobby with external door to the garden.

The first provides the main double bedroom, with direct views over the neighbouring St Andrew's churchyard. Via the rear landing, further stairs lead to an attic bedroom / studio.

The private gardens form two distinct areas, where the immediate rear garden provides a terrace area which extends to the northern side of the cottage, with a pedestrian gate leading onto Church Road. The principal garden extends to the east, comprising an area of lawn with a central patio. Towards the far eastern boundary is an area which can be utilised for off-road parking.

To the northern side of the private lane is further amenity land which is currently used as a kitchen / vegetable garden, with an area of lawn situated to the wider eastern end.

The vendor will call for an overage agreement on the subject land, binding the purchasers (and their successors) in respect of any future development for 20% of any uplift in value, remaining for 25 years. This is only applicable following a successful planning application for an independent dwelling(s).
