Based on the information currently available to the Coal Authority, a mining report is recommended For this location, according to Natural Resources Wales flood risk area within 10 meters of : 7, EVA TERRACE, FERRYSIDE, SA17 5TD,

It shows the following : High risk Flooding from the sea - Risk greater than 3.3% chance each year. High risk Flooding from surface water and small watercourses - Risk greater than 3.3% chance each year. This area Does not benefit from flood defences. (Please note : We provide the flood risk information for the area around the property address. We cannot give the flood risk for individual buildings because this depends on building features, such as internal floor levels, and other local factors like drainage conditions. The risk level takes into account the effect of any flood defences that may be in this area. Flood defences reduce, but do not completely stop the chance of flooding as they can be overtopped or fail. View our Flood Risk Map to understand the flood risk across the area.
