Occupying a very generous plot within the popular Roman village of Caerwent, this individual detached farmhouse, constructed in 1913, affords deceptively spacious and well-planned living accommodation that will no doubt suit a variety of markets. The current layout briefly comprises to the ground floor; entrance hall, lounge with feature fireplace, dual-aspect dining room, fitted kitchen, utility room and a family bathroom; whilst to the first floor there are three double bedrooms, a shower room and separate WC. The property stands in the middle of sizeable mature gardens and affords an extensive private driveway as well as the base for a double garage and second driveway to the rear. There is fantastic potential to modernise and extend the property to create a spacious family residence on a quiet residential road in a sought-after location. The property is being sold for the first time in 20 years and we strongly recommend arranging a viewing to appreciate what this unique property has to offer. The property is ideally situated within the heart of the village, which offers facilities including a post office and public house. A bus service connects the village to the nearby towns of Chepstow and Caldicot being 5 miles and 3 miles respectively and therefore well placed to take advantage of the amenities, schools and shops in the local centres. For those commuting, the A48 provides access to the M4 with the Severn Bridge just 6 miles away and the M4/M5 Interchange 12 miles away. The regional centres of Bristol are 21 miles, Cardiff 26 miles and Newport 14 miles.
