Moon Cottage is something completely unique and a total break from the norm. Dating back to c.1860 and originally used as the workshop and stables for Pictor & Sons, a local stone Quarry company, this home has been converted and modernised in 1987 to create an individually desirable home that offers great accommodation space arranged over three floors. To the front of the home is a beautiful communal courtyard, and to the rear are outstanding views that stretch across the picturesque Box Valley, offering over 1700 ft² of flexible accommodation. The entrance hallway leads into a lobby area with a staircase to both the first and ground floors, along with doors to both a very handy large utility room plus the principal reception room that gives you the first glimpse of the stunning views with dual aspects to both the front and rear. Ideal for those cosy winter nights, there is a period woodburning stove. This then leads into the wonderfully light kitchen breakfast room, being a perfect place for entertaining, along with a very handy cloakroom leading off, also boasting dual aspect windows and views. A staircase leads to the lower floor, where three vaulted-ceiling rooms provide flexible space currently arranged as a sitting room/study, bedroom, and home gym. The first floor offers three light and airy bedrooms, with all two enjoying those magnificent views, plus the principal being extremely impressive in size and boasting large fitted wardrobes. Making up the first floor is a stylish bathroom, along with an outside balcony that overlooks the pretty Mediterranean-style courtyard below, creating a lovely outdoor retreat. Externally, the property includes a garage and parking for up to 2 cars.
