Description

Entering the property a bright hallway gives access into the living room, ground floor w.c / utility and the extended kitchen / family room which sits at the rear of the property. There is a useful understairs storage cupboard, and stairs which rise to the first-floor level. The living room is a beautifully styled room, with shuttered windows to the front elevation, panelled walls and a fabulous media wall with contemporary fireplace and inset shelving; a lovely room in which to sit and chill and watch your favourite TV show!! The property has previously undergone an extension to the rear which has allowed for a large kitchen / family room, most definitely the heart of the home. 'Shaker' style wall and base units with quartz work surface over provide excellent storage, and there is even a central island unit which houses a 'Butler' sink and AEG wine chiller. Integrated appliances include a Bosch induction hob with extractor above, double ovens, full height fridge/freezer and an AEG dishwasher. A large roof lantern, along with bi-folding door giving access into the rear garden, flood this room with plenty of natural lighting. There is ample space for a washing machine and tumble dryer in the ground floor cloakroom / w.c, located off the hallway.

Rising to the first-floor level you will find two DOUBLE bedrooms, both with fitted, mirrored wardrobes and attractive shuttered blinds to the windows. A fully tiled family bathroom with w.c. and wash hand basin, has a panelled bath with shower over, which includes both handheld and overhead shower attachments. As previously mentioned, the property has PLANS PASSED to extend into the loft space, this will create a further bedroom with en-suite and have a lovely skylight balcony to the front elevation.

To the rear there is a small but perfectly designed, low maintenance garden with artificial lawn and an attractive patio area which has plenty of room for patio furniture. A door from the garden gives access into the rear of the garage, which has been converted into a fully functioning home gym by the current owners. The up and over door is still in place and therefore offers the opportunity to revert to a conventional garage with vehicular parking. There is, however, parking for one vehicle, to the side of the property on your own driveway.
