"We've loved living here and have transformed the house into a beautiful family home full of light and colour. The open-plan living area is ideal for hosting, and the south-facing courtyard captures sun all day. We've enjoyed having the nearby green spaces of St George's Park, Eastville Park, and Troopers Hill on our doorstep, while the Bristol-Bath cycle path offers easy access to central Bristol. For relaxing, we recommend Loaf Bakery, The Crafty Egg, and The Lock Up!"
