Welcome to Craighall Village. A sustainable, new community that's been carefully designed to create a welcoming feel of a traditional village, yet still extremely close to the capital. A wide range of outdoor and indoor pursuits can be enjoyed close by; from walking trails and cycle roots, to children's playparks and adventure playgrounds, or you can relax or exercise as much as you like at David Lloyd Club and Spa. If you fancy the fairways, try a round at King's Acre golf club with its academy & driving range. Have it all at Craighall Village

From its charming Old Town streets to its vast culinary and arts scene, you can easily embrace all the delights of Edinburgh from your new home. Plus, you're just 3 minutes' drive from Shawfair via the B6415.

You're also never far from places for family fun. Dalkeith Country Park is close by, ideal for walks or keeping the kids happy and healthy on its many cycle routes and adventure playground.

If you want fresh sea air and the sensation of soft sand underfoot, Portobello beach is just a short drive away.

Yet you don't need to sacrifice convenience for your 'away-from-it-all-lifestyle', with shopping, schools and healthcare facilities among the range of facilities being built just a mile from home.

The Fort Kinnaird Retail Park is a nearby port of call for high street names. From Next, H&M, Office to Marks & Spencer and Hotel Chocolat, and with a selection of restaurants too, it's the perfect place for a relaxing Saturday afternoon.

A top class education

Those with children will find an excellent range of schools in the area surrounding Craighall Village.

For younger pupils, Danderhall and St David's primary schools are a straightforward drive from home, while St David's and Dalkeith High Schools will cater for older students.

Newbattle Abbey College in neighbouring Newbattle offers a wide selection of further education courses, while the world-famous University of Edinburgh, along with the city's many other universities are within commutable distance.

Exciting cities, beautiful parks

With its spectacular architecture, fascinating history and abundance of culture, Edinburgh has so much to offer. Whether it's retail therapy, a meal in one of the huge array of restaurants or an afternoon at a museum, gallery, or just taking in some of the city's many impressive sights and monuments, you'll be spoilt for choice.

You don't need to travel far to feel a million miles away either. Holyrood Park is a city park like no other with dramatic hills and crags, including Arthur's Seat, the park's highest point. The breath-taking Pentland Hills Regional Park also offers picturesque hills and countryside for you to explore.

Alternatively, the bright lights of Glasgow are less than an hour away via the M8, offering another vibrant city that's just waiting to be discovered.

Your home will do lots for you and your environment

To help you live more sustainably, your brand new Cala home at Craighall Village has lots of energy-saving features, including District Heating.

Popular in countries like Sweden and Germany, this low-carbon source of heating and hot water is shared between all the homes in your community. It means everyone benefits from an all-inclusive service at a fair price, and the peace of mind your home is ready for the future.

We care deeply about the environment and the heat network brings us another step closer to lower-carbon living.

What our customers say

Photography from a previous Cala development

“ We weren't looking to buy a new house originally but once we booked the appointment and saw it, we knew immediately we wanted it.

We fell in love with the style of the house right away as it ticked all our boxes.

I have my own office where I can work from home and the kids have their own bedrooms which are all the same size so there were no arguments about who gets which room.”

Sustainability the Cala way

Cala has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 50 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to Cala.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.

As part of our sustainability journey we are aiming to reduce our paper usage by 90% across the company, including the customer journey, which is why we are aiming for online only brochures at our developments.
