SITUATION

The house occupies a hugely convenient and discreet location in the heart of Tavistock, within walking distance of the town's many facilities and amenities. The front of the house and the majority of the gardens are south-facing, thereby enjoying excellent sunlight throughout the day.

Tavistock is a thriving market town in West Devon, rich in history and tradition dating back to the 10th century. Today, the town offers a superb range of shopping, recreational and educational facilities, whilst the largely 19th-century town centre is focused around the Pannier Market and Bedford Square, in which regular farmers' markets are held. Plymouth, 15 miles to the south, Exeter, 40 miles to the northeast, offers rail and motorway connections across the UK, as well as an international airport.

DESCRIPTION

This individual detached house dates, we understand, to the 1930's, and is being offered to the market for the first time in over 60 years. The extended, three-double-bedroom accommodation provides versatile living space amounting to some 1400sq ft, incorporating two receptions and two bath/shower rooms, all bright and well-proportioned. Externally, the house is complemented by some pretty, mature, colourful gardens, which are low-maintenance and arranged in terraces, and the house additionally benefits from a carport and parking. The house has been upgraded with a new kitchen in recent years, although there remains considerable scope and opportunity for an incoming owner to further extend or remodel the house in order to create a one-of-a-kind home of their choosing.

ACCOMMODATION

The house is bright and well-proportioned, and accessed initially through a square, timber entrance porch into a hallway. The ground-floor accommodation is then comprised as follows: a good-sized, triple-aspect; L-shaped sitting room with patio doors out to the garden, centered around a stone-faced gas fireplace with a granite hearth; a separate dining room, also with doors out to the garden and a tiled fireplace; a utility room; a ground-floor shower room; the upgraded kitchen, which is equipped with a good range of modern cupboards and cabinets with roll-top worksurfaces, incorporating a 1.5-bowl stainless steel sink and drainer. The kitchen also includes a walk-in, under-stair coats and boots cupboard, an integrated Hotpoint double oven and Cata induction hob, and spaces for an upright fridge-freezer and an under-counter dishwasher. On the first floor are the three double bedrooms, including a large, dual-aspect principal room with a dressing unit, and two further doubles overlooking the garden, both of which have built-in wardrobes. Finally, there is a fully tiled bathroom fitted with a 3-piece suite, and also containing a linen cupboard.

OUTSIDE

The house has stepped access down from the main road to the front door, and there is vehicle access to the carport at the rear. Surrounding the house are some good-sized terraced gardens which have been set out over a number of levels and planted with a superb variety of shrubbery and flowering plants, including camellias, roses and a Japanese Acer. In front of the house is a paved sun terrace with a uPVC summerhouse/home office, with power connected. Beneath one of the extensions is a cellar storage area.
