THE DETAIL

The Detail

This semi-detached bungalow requires modernisation and updating throughout and offers a purchaser the opportunity to undertake a programme of refurbishment according to their own requirements. The existing accommodation provides a practical layout, whilst the size of the plot and garden add further appeal.

The property is entered via a UPVC front door into the hallway, which provides access to the accommodation and continues through towards the rear of the property. A further rear door gives direct access into the garden, whilst side access provides an additional practical feature.

There are two bedrooms positioned at the front of the bungalow, providing useful accommodation for those looking for single-level living. The bathroom is located off the hallway and is currently fitted with a three-piece suite.

At the rear, the extended lounge is a generous reception space and benefits from an outlook over the rear garden. The kitchen is also positioned towards the rear and has a window overlooking the garden, providing natural light and a pleasant aspect. Both rooms offer scope to be updated as part of the overall refurbishment.

Externally, the recently laid tarmac driveway provides off-road parking for multiple vehicles and leads to the brick-built garage. The front garden is enclosed by fencing and incorporates pebble beds. The rear garden is L-shaped and enclosed, with a tarmac path and

planting borders. The woodland beyond provides a natural and private outlook, adding an appealing feature to the outside space.

Located on Station Road in Mickleover, the property is conveniently positioned close to the Great Northern Cycle Path and the Great Northern pub, providing easy access to nearby recreational space and a popular local venue.
