An entrance hall with staircase and useful storage cupboard leads off into a cosy sitting room centred around an open fireplace with the potential for a wood burning stove.

The sunning 21'0" (6.39m) long dining kitchen enjoys rear garden views and was redesigned and replaced in 2024 to an exceptional specification and features elegant quartz worktops and an impressive range of larder and storage cupboards complemented deep drawers and integrated appliances to include a dishwasher and a washing machine. The kitchen has also been designed to accommodate an American style fridge/freezer and a range cooker.

Double doors off the dining area lead out into a delightful garden room with further double doors allowing direct access out into the rear garden.

The first floor landing with airing cupboard leads off into 2 double bedrooms with built-in wardrobes, a larger than average sized single bedroom and a luxuriously appointed house bathroom that features a shower above the bath, contemporary vanity with basin and a storage, heated towel rail and a toilet.

Other features of note include a gas fired central heating system, double glazing, oak interior doors throughout and a drop down timber ladder off the landing allowing access up into a surprisingly spacious and fully boarded 21'0" long loft with an 8'10" apex and the potential to convert and create a further 198 sq ft of living space subject to the necessary planning consents and building regulations.

Outside the front garden is mainly laid to lawn and a gravel driveway provides off road parking and access to an EV charging point.

The rear garden has been lovingly landscaped by the current owners to feature a lawn, shingled seating areas and a kitchen garden area that includes 3 raised veg beds as well as plum, pear and apple fruit trees.

The rear garden also includes a timber built storage shed and a bike store.
