Gainsborough House Thorndon Approach Herongate

Brentwood | | CM13 3PA

Set in one of the most prestigious turnings in Brentwood, within the pretty village of Herongate, is this beautiful family home built by Countryside, with many attractive features throughout, including sash windows, plantation shutters and period coving. The property is positioned securely behind electronic gates in this quiet cul-de-sac giving the feel of exclusivity, privacy and grandeur.

The solid wood entrance door gives access to a large reception hall giving access to the sitting room, with feature fireplace and log burner, cloakroom, study with bespoke office units, and the formal dining room with feature fireplace. Set across the back is the kitchen, with lovely views over the garden, island unit, good range of fitted units and granite worktops, many built in appliances, and a separate utility room. There is a living space at the end of the kitchen which could be a breakfast area, with fitted cabinetry to one wall and french doors opening to a large conservatory. There is an additional entertaining room which is a lovely dual aspect room, having french doors also overlooking and leading to the garden, an ideal room to relax.

Heading upstairs the galleried landing leads to the fantastic principle bedroom suite, with his and her wardrobes in the dressing area, dual aspect bedroom area with feature round window and an ensuite walk in shower room with marble worktop. Bedroom two also has walk in wardrobes and a large fully tiled ensuite bathroom, whilst bedroom three has a walk in dressing area with built in storage and an ensuite shower room. Bedrooms four and five are also of good size and are served by the attractive four piece family bathroom with walk in shower cubicle.

The immaculate west facing rear garden backs onto Thorndon Golf Club and is completely secluded, with a patio area and a decking area, all beautifully landscaped. There is a double garage with storage above, plus additional parking for four/five cars and an electric charging point.
