

A rare opportunity to acquire a parcel of land in a well-established residential location on East Street, Southend-on-Sea, with planning permission granted under application reference 14/01776/FUL (Now Lapsed).

The consent previously provided for the erection of a three-storey block comprising four self-contained flats, together with associated car and cycle parking and refuse storage. The site offers an excellent opportunity for developers, builders and investors looking to acquire a previously consented residential development site with a clear scheme proposed.

The site also lends itself well to a potential commercial site subject to planning. The vendors may consider a subject to planning offer. The site was previously used a tyre depot.

The property is conveniently positioned for access to Southend-on-Sea's extensive range of shops, restaurants, schools, transport links and local amenities, with Southend city centre and the seafront also within easy reach. This is an attractive opportunity to acquire a potential development site.

Further planning information and documentation are available upon request.
