The Property

As a new build rather than a barn conversion, Dove Barn is the best of both worlds, with modern specification and energy efficiency and yet the character of a traditional agricultural barn. The construction is traditional block built under a tiled roof with oak weather boarding cladding on the outside. One of three brand new high specification 'Rivendale Gold Spec' properties nearing completion in a semi-rural setting within the popular village of West Winterslow. Each property is individual in style and boasts underfloor heating, air source heat pump, Quooker taps and Quartz worktop.

The front door leads to the hallway which has a useful coat cupboard and access to a fantastic triple aspect kitchen/living area which will no doubt be the heart of the home. The open-plan living opens up to the south-east facing patio with bi-fold doors.

The kitchen /living area has Symphony floor and wall units, Quartz worktops, Quooker tap, Bosch and Hotpoint appliances including induction hob with extractor, fridge/freezer and dishwasher. From the hallway there are two bedrooms and a bathroom. The principle bedroom benefits from having an en-suite shower room and built-in wardrobes. Bedroom two is at the front of the house making it ideal for use as a study.

Services - Mains electricity, water and drainage are connected.
Heating by air-source heat pump.
