

2 The Cottages, Clifton, BS8 4PH  
£1,500 PCM

If you've been hunting for a place in Clifton and must be in this gorgeous part of town, this cosy mews apartment on Cornwallis Crescent could be just the thing. It's a furnished two-bed with loads of charm — original beams, quirky features, and a nicely sized living space that feels homely the moment you step in. There are two bedrooms and two shower rooms (one ensuite), so it works brilliantly for a pair of sharers who like a bit of privacy. The kitchen comes fully equipped with a fridge/freezer, dishwasher, washing machine, and cooker, so you're all set. Parking is on-street, but the road usually has plenty of spaces.

It's not a glossy, showroom-perfect flat — it's got that slightly lived-in Clifton feel — but if location is top of your wish list and you want a place with character, this could be a great fit. Come take a look and see if it's your next home.
