DESCRIPTION

This STUNNING, ONE-OF-A-KIND eco home in Bempton harmonises modern living with natural beauty. Clad in Cumbrian larch from the Lake District, the house is built with a SIPS construction system ensuring thermal efficiency. The lodge blends sustainability with contemporary design.

Inside, the open-plan layout connects the living room, kitchen, and dining area. A separate utility room adds convenience with a w/c, space for washing machine and dryer, and outdoor clothing storage. The stylish kitchen boasts integrated appliances, an induction range with three ovens, ample storage, and looks over the dedicated dining space, perfect for meals or entertaining.

The spacious ground-floor lounge is flooded with natural light, seamlessly blending indoor and outdoor living. The ground floor also includes two generously sized bedrooms, with the master offering an en-suite wet-room with walk-in shower, and a walk-in wardrobe. A beautiful mezzanine adds unique charm and overlooks the kitchen.

The first floor provides an office area and a bedroom, currently used as a second living room. Beautiful floor-to-ceiling glass panels separate these rooms, enhancing openness while maintaining privacy. A second three-piece bathroom with shower completes this level.

The property boasts low-maintenance gardens with a patio and raised beds at the front. The rear garden features a Japanese-inspired design with silver birch, fruit trees, puddle ponds, and a private patio area. Both offer tranquil spaces for relaxation with sun or shade throughout the day.

This detached bungalow offers a rare opportunity to own a spacious, modern home with serene outdoor spaces and an eco-friendly build. Built with a 20-year warranty and low-maintenance design, you can rest assured your new home is protected.
