The Setting

Saffron Walden is a highly regarded and picturesque medieval market town, renowned for its attractive period architecture, thriving community and excellent range of everyday amenities. At its heart is the bustling Market Square, where twice-weekly markets sit alongside an excellent selection of independent shops, cafés, restaurants and public houses, complemented by more familiar national retailers and supermarkets. The town offers an impressive choice of recreational and cultural facilities, including The Common, Bridge End Gardens, Saffron Hall, The Fry Art Gallery and Audley End House and Gardens. There are also numerous sports clubs and leisure facilities, together with beautiful surrounding countryside providing an abundance of walking and cycling routes.

Saffron Walden is particularly well regarded for its schooling, with a strong selection of primary schools alongside the highly regarded Saffron Walden County High School and Joyce Frankland Academy in nearby Newport. Independent schooling is also available within the wider area, including Dame Bradbury's and The Perse schools in Cambridge.

For the commuter, the town is well positioned for access to Cambridge, approximately 15 miles to the north, and London, with the M11 providing excellent road connections. Audley End mainline station, approximately 2–3 miles from the town centre, offers regular services to London Liverpool Street and Cambridge, making Saffron Walden an attractive choice for those seeking the benefits of a historic market town while retaining excellent connectivity.

The Accommodation

The accommodation has been thoughtfully arranged over three floors, creating a home that feels both spacious and highly practical, with an excellent balance of everyday family living, entertaining space and bedroom accommodation. The ground floor opens into a welcoming entrance hall, with a cloakroom positioned just off and stairs rising to the upper floors. To the front of the house is the kitchen, a smart and well-planned room fitted with a comprehensive range of contemporary high-gloss cabinetry beneath contrasting work surfaces. Integrated cooking appliances, plentiful preparation space and additional storage combine to create a kitchen that is both stylish and particularly functional with the added benefit of a recently installed, full house water softener system. Occupying the full width of the rear of the house is the impressive sitting/dining room, a wonderfully sociable room and very much the heart of the home, with generous proportions allowing clearly defined areas for both relaxing and dining. The neutral décor and contemporary flooring create a fresh, modern feel, while a pair of French doors draw in plenty of natural light and open directly onto the rear terrace and garden beyond.

The staircase rises to the first floor, where three bedrooms are arranged around the central landing. Bedroom two is a particularly comfortable double room, while bedroom three provides another well-proportioned bedroom. Bedroom

four offers useful versatility and would work equally well as a child's bedroom, nursery, dressing room or dedicated home office. These rooms are served by a modern family bathroom, fitted with a contemporary white suite and complementary tiling. completes the suite, while a generous adjoining airing/storage cupboard provides valuable additional storage.

The second floor is devoted to the impressive principal bedroom suite, giving it a welcome degree of separation and privacy from the remaining bedrooms. The bedroom itself provides excellent space for a substantial bed alongside freestanding furniture and a seating or dressing area. A well-appointed en-suite shower room completes the suite, while a generous adjoining airing/storage cupboard provides valuable additional storage.

Outside

The rear garden is a particularly appealing feature of the property, extending away from the house to provide a generous and enclosed outdoor space. A paved terrace immediately adjoining the sitting room provides an ideal setting for outdoor dining and entertaining, while the remainder is predominantly laid to lawn. At the far end, a raised deck creates a further seating and entertaining area, making excellent use of the garden's length.

A detached outbuilding/garage sits alongside the house and provides valuable additional storage and utility space, while the property also benefits from off-road parking.
