Cobbetts Way is a contemporary family home combining clean architectural lines, generous spaces and modern materials to create a stylish yet practical property. A mix of brick and timber cladding, dark painted windows and extensive glazing gives the house a sleek appearance, while large windows and glazed doors provide a strong connection between the house and gardens.

The principal living accommodation centres on an open-plan kitchen/dining room, with a central island, contemporary cabinetry, integrated appliances and spaces for family life and entertaining. Large glazed doors open onto the terrace and garden. The first floor also provides a reception room, with full-height windows and two sets of doors, creating a wonderfully light and flexible space with an attractive outlook.

The accommodation is thoughtfully arranged over three levels. The ground floor includes the entrance hall, open-plan kitchen/dining room, principal bedroom with French doors to the garden, an adjoining bathroom and a W.C. Upstairs, three further well-proportioned bedrooms are served by a family bathroom with both bath and separate shower, making this an ideal family layout.

On the lower ground floor, a further reception room is currently used as a family room and offers flexibility as a home office, gym, playroom or second sitting room. Two utility areas provide practical and storage space.

The house is approached from the village lane over a gravelled parking area, with steps leading to the front entrance. The garden is predominantly to the rear, with a lawn bordered by mixed flower beds, mature shrubs and established trees. A broad terrace wraps around three sides of the house, creating areas for outdoor dining, entertaining and relaxing, while making the most of the afternoon and evening sunshine. Overall, Cobbetts Way offers a versatile modern family home, combining generous accommodation, excellent natural light and a connection with the outside space in a desirable village setting.
