About The Property

Quietly situated off a small side road with open fields to front, a brand new home built in a barn style to an exceptional specification.

Built of blockwork cavity construction under a tiled roof with darkened oak cladding, this individual home offers excellent levels of insulation together with an exceptional finish and specification. This includes underfloor heating by Ideal air source heat pump, Kamdean flooring, Roca sanitary ware, Oak Veneer doors, double glazing, heated towel rails, ceiling downlighters, Symphony kitchen with integrated units and full fibre broadband.

There is outside lighting and a glazed panel front door leading into the welcoming entrance hall with mirror fronted coats/storage cupboard, cupboard housing high pressure hot water tank, wood effect flooring and doors to all rooms. The open plan sitting/kitchen/dining dining room is a fabulous, triple aspect room with wood effect flooring, bifold doors to the garden, a vaulted ceiling and a fully integrated Symphony kitchen with quartz worktops, flush fronted

cupboards, built in dishwasher, fridge/freezer, oven, induction hob, extractor fan, Quooker tap and wine cooler. The main bedroom has an ensuite shower room and mirror fronted wardrobes. The second bedroom could also be used as a home office and there is a good sized bathroom.

Outside there is a brick pavior driveway with parking for two vehicles and an EV charging point. The easy maintenance garden is fully enclosed with a paved terrace outside the sitting room, lawn and storage for bins and bicycles/garden tools.

This is a truly rare opportunity and Whites would highly recommend an early inspection to fully appreciate the location and quality.
