DESCRIPTION

This significant detached house has been comprehensively upgraded by the current owners using local well-regarded trades. In addition to the obvious interiors upgrade, refurbishment works include re-wiring and re-plumbing, with a new central heating system incorporating a large unvented cylinder, and quality old school style radiators. Cosmetically, the property is unrecognisable and showcases a stylish new shaker style kitchen and 3 contemporary bathrooms. The well presented living accommodation is arranged over 2 floors with stunning sea views from the principal rooms.

Detached properties of this size and position are rare. Often remaining in the same ownership for many generations. The property offers extensive accommodation over 2 floors with light bright lateral living spaces giving access to lovely gardens to the rear and with stunning sea views to the front. There is a large integral garage and plentiful parking. Whilst the property has been beautifully renovated, it also provides enormous further potential to extend if required.

Whitby is a fine old seafaring town of national renown and sits at the heart of the Heritage Coast, surrounded by the glorious scenery of the North York Moors National Park. It has excellent local amenities and is just a short walk from the equally popular village of Sandsend.
