Set on the 27th floor of Westmark Tower, this fully furnished three bedroom apartment is one of the most sought-after layouts in the entire West End Gate development.

Finished to a high specification throughout, the apartment has been fitted out by acclaimed interior designer Julia Palmer, whose scheme brings a considered, hotel-like polish to every room. Floor-to-ceiling glazing draws in panoramic views across central London and Regent's Park, changing character from dawn to dusk and giving the apartment a sense of scale rarely found this close to the West End.

At the heart of the home, an open-plan living, dining and kitchen space is designed for both everyday living and entertaining. The kitchen is fully integrated into the scheme rather than set apart from it, and the living area opens directly onto a spacious private balcony — an outdoor room in its own right, with the same stunning views carried outside.

West End Gate

This apartment forms part of West End Gate, a development of apartments arranged around private landscaped gardens in the heart of Zone 1 London. The setting is a rare one: moments from the boutiques, restaurants and canal-side charm of Little Venice, and equally close to the elegant garden squares and high street of Marylebone — two of London's most prestigious and enduringly desirable neighborhoods. Residents of West End Gate enjoy an exceptional range of on-site facilities, designed to bring a five-star, hotel-style standard of living to everyday life at home.

Bedrooms & Bathrooms

The apartment offers three bedrooms in total. Two are principal suites in all but name, each with its own walk-in wardrobe and ensuite bathroom — a configuration that suits sharers, family living, or simply the everyday luxury of separation between spaces. A further guest cloakroom sits just off the entrance hallway, a small but telling detail in an apartment planned with genuine day-to-day living in mind.
