There are two ground floor reception rooms, providing space in which to relax and entertain. They include the westerly aspect sitting room with front door opening onto the front garden and inglenook fireplace fitted with a wood burning stove. As well as the dining room, which has a cast iron range inset within a former fireplace with its original bressumer beams. The ground floor also has a well-equipped kitchen with modern fittings, including units to base and wall level, an integrated oven and hob with extractor hood, as well as an adjoining walk in storage/utility room. The ground floor also has the family bathroom and separate shower.

Upstairs there are four well-presented (two double) bedrooms. They include the principal bedroom benefiting from immediate views across the surrounding countryside. The attic space provides useful further home storage among the timber eaves.

The cottage has delightful gardens to the front and rear, the front garden of open plan with picket fence defining its boundary, whilst the rear garden is a true feature with south/easterly aspect that creates a sense of peace and seclusion. Partially walled with paved sun terrace, ideal for entertaining and eating al-fresco, steps lead to a raised area of lawn with apple tree and space to create a cottage garden. Detached timber garden shed/work shop.

Informal parking is found adjacent to the property.

Mains water and electricity are appointed to the property. A cast iron wood burner housed in the inglenook provides winter heat that permeates throughout the accommodation, which is supplemented by wall mounted electric storage heaters. Private drainage.

The accommodation as detailed in the accompanying floor plan, and illustrated by our professional photography, has to be seen to be fully appreciated. An inspection of which is unhesitatingly recommended with the sole selling agent.
