DESCRIPTION

William Road, Sutton, SM1 4QT

Four genuine double bedrooms, two reception rooms and three floors of space give this mid-terrace house a lot more going for it than first meets the eye. There is a comfortable sense of proportion throughout, with the ground floor offering two separate reception spaces alongside the kitchen. Upstairs, the four bedrooms are arranged over two floors, giving everyone a little more room to breathe and making the layout particularly well suited to family life.

The house is ready for its next chapter. It is something of a blank canvas, with plenty of scope to update, improve and make the interiors your own without having to start from scratch. Whether you prefer a gentle refresh or have grander plans, there is enough space here to have a bit of fun with it.

And then there is the garden. Private, useful and just the right sort of space for a table, a few chairs and the inevitable conversation about who is going to look after the plants. Location is another strong point. William Road is within easy reach of Sutton town centre, with its shops, cafés and everyday amenities, while the area is well served by schools, including Manor Park Primary Academy and Sutton Grammar School, both within easy reach.

Transport is equally convenient, with Sutton railway station around 700 metres away and a number of local bus stops close to the property, making journeys into London and across the surrounding area straightforward. In short, this is a four-bedroom house with the space, garden and location already in place — all that is really missing is someone with a vision for what comes next.
