A particular highlight is the large balcony, providing a wonderful space for relaxing or entertaining while taking full advantage of the countryside views. Bathroom

Including a free standing rolled topped bath.

Balcony

A sizable balcony terrace, with glazed side panels. This area can be accessed from both the principal bedroom or via a spiral staircase in the garden. It sits over the area of the store room, orangery, shower room and breakfast room - so is large enough for outdoor seating and dining. With superb views over the adjoining countryside and gardens, this is the perfect space to enjoy sun rises, sun sets and everything in between.

Garage

15' 0" x 11' 5" (4.57m x 3.48m)

The detached timber framed garage is located at the far end of the garden and is currently being used for storage.

Gardens

In addition to the garage there is further parking to the front of the house with space for at least three cars. The overall plot is triangular in shape and is believed to extend to around one third of an acre (sts). The gardens are beautifully established and include a raised pond, lawn and a wide variety of shrubs and trees.

The gardens on the south side of the cottage are again very private and include a variety of shrubs, a shed and a greenhouse. A pathway connects the two main areas of garden and includes a sheltered terrace with the spiral staircase giving access to the balcony. Without doubt, a prime advantage of the gardens are the lovely countryside views and sense of privacy.
