LOFT ACCOMMODATION

Situated on Stratford Street, this unique and versatile property is offered with no upward chain and provides an extensive range of accommodation arranged over multiple levels. The property is conveniently located close to local amenities, Frederick Bird Academy and Coventry city centre, whilst also providing easy access to the A444.

The ground floor comprises an entrance hall leading to a generous living room with adjoining dining area, alongside a separate sitting room. Just off the sitting room is a shower room with WC, together with access down to the cellar. The large kitchen provides access to both the garage and rear garden, creating a practical arrangement for everyday living.

The property offers three well proportioned double bedrooms to the first floor, with the main bedroom being particularly generous in size. There is also a spacious family bathroom and a separate shower room. Stairs lead from the first floor to a versatile loft area, while a further staircase provides access to another section of the loft which has been arranged as a further bedroom space with Velux window and eaves storage.

A further highlight is the substantial cellar, offering excellent additional space and potential for a variety of uses, subject to the necessary planning permissions and consents. The garage is also particularly useful, providing enough space for a car, with a separate store room and electric garage door.

Externally, the rear garden is predominantly paved for low maintenance, with an outside store which has previously been used as an outdoor kitchen. To the front is access to the garage along with a dedicated parking space.
