STEP INSIDE

Stepping inside, the home immediately sets a warm and characterful tone, with entry gained via a bespoke timber front door handcrafted by Nigel Jacobs of Abergavenny.

This opens directly into the main living room, a welcoming and well-proportioned space centred around a charming recessed fireplace housing a multi-fuel burner, perfect for cosy evenings. A large picture window to the front elevation fills the room with natural light while offering pleasant views over the garden. Underfoot, attractive terracotta tiling adds both practicality and rustic appeal, while a staircase rises neatly to the first-floor landing.

The terracotta flooring continues seamlessly into the adjoining kitchen/dining room, creating a cohesive flow between the living spaces. Accessed via doors from the living room, this is a sociable and functional area, fitted with a range of wall and base units and complemented by a window overlooking the rear garden. Another multi-fuel burner creates a pleasant focal point in this room. There is ample space for a dining table, with the dining area clearly defined and enhanced by double doors that open directly onto the garden - ideal for indoor-outdoor living during the warmer months. A further door leads to a side passageway, providing convenient access to both the front and rear of the property.

Off this passageway, a particularly useful utility room offers additional practicality. With windows to both the front and rear, this space is naturally bright and well-ventilated, and provides appliance space including plumbing for a washing machine, along with a handy sink unit - perfect for everyday household tasks. There is a Bosch Oil Fired central heating boiler that was installed in 2021. This area also has an EPDM roof that was fitted in 2024 and comes with a 20 year guarantee.
