### Summary

Tucked away in the heart of Castle Eaton, this substantial detached bungalow offers beautifully balanced living with generous proportions throughout. Sitting on a great plot with open countryside views to the rear, the property combines versatile accommodation, excellent parking with double garage, and a layout that works just as well for families as it does for those looking for single-level living. A home that quietly overdelivers on space, setting and flexibility.

### Step inside

A welcoming entrance hall sits at the centre of the home, setting the tone for the space on offer and connecting each area with ease. The main living room is a standout, generous in size and filled with natural light. It's a comfortable, easy space that flows seamlessly into the conservatory, where the outlook really comes into its own. This is one of those spots that will be used all year round, whether it's a quiet coffee or simply watching the seasons change across the fields beyond.

The dining room sits just off the living space, ideal for entertaining but equally suited to everyday use, while the kitchen offers plenty of storage and worktop space with a practical layout that just works. The adjoining utility keeps the day-to-day running of the house tucked away, with direct access outside. There are three well-proportioned bedrooms. The principal bedroom is particularly impressive, both in size and storage, positioned close to a smartly updated shower room. The second bedroom is another comfortable double, while the third bedroom sits slightly separate from the main accommodation and benefits from its own adjoining shower room, creating a natural guest suite. It also offers clear potential for those looking for annexe-style living, whether for extended family, visiting guests or a more independent setup. Throughout, the property feels well cared for and thoughtfully arranged, offering a layout that adapts easily to changing needs.

### Step outside

The approach sets the tone, with a wide driveway providing ample parking and leading to a large garage with electric door, ideal for storage, workshop use or secure parking. To the rear, the garden is a real highlight. A generous lawn is complemented by established planting and seating areas, all backing onto open countryside. The outlook is uninterrupted and ever-changing, giving a real sense of space and calm that's hard to replicate.

There's a lovely balance here between usable garden space and something more scenic, perfect for both practical living and simply enjoying the setting. Solar panels are in place, adding an element of efficiency and long-term benefit. The generous feed in tariff gives over £2k per annum income, guaranteed for the next ten years.

### Area insight
