The layout is simple and works well, as you enter into a hallway with stairs ahead and access into the main living space. The lounge sits to the front of the property and is a good size, with plenty of natural light and enough space to comfortably accommodate seating.

To the rear, the kitchen diner runs the width of the house and is the hub of this home where most of the day-to-day living happens. There is a defined dining area along with a practical kitchen layout, and direct access out to the garden.

Upstairs, there are three bedrooms. The main bedroom is a comfortable double, while bedroom two is also a good size and offers flexibility depending on how you want to use the space. The third bedroom is more compact, ideal as a single room, nursery or home office.
