SELLER'S SECRET

We are under the impression the property was built in 1879 for a family of fruit merchants, original corning and stained-glass windows depict apples, bananas, berries, and pears which is mirrored with fruit trees in the rear garden, suggest there is a strong connection to the properties past.

Why we like it....

Some of the many stand out features of this property is the period features, it's "tip of the cap" to it's history and it's proximity to Wellingborough's train station with it's mainline to St Pancras International.
