

Derby Road, Cromford, DE4 3RP

Overflowing with attractive features, this enormous bungalow is flooded with natural light and has tremendous views along the Derwent Valley. With no upward chain, the home has a double garage, driveway parking for 5+ vehicles, wraparound garden and paddock and 2,508 square feet of living accommodation.

The main entrance hallway is located in the centre of the home, with living accommodation comprising a huge sitting room, dining room, study, breakfast kitchen and utility room to the left. To the right are four large double bedrooms (one en-suite), an additional reception room, family bathroom and additional WC. Outside, the long driveway has space for 5+ vehicles to park in front of the double garage and workshop. The wraparound garden leads through to a paddock/meadow in the south-eastern corner close to Cromford canal.

The bungalow is in the old rose garden of Grade II listed Rock House, the historic home of Sir Richard Arkwright who built the nearby Cromford Mill. It is in a conservation area and is in a secluded position next to the grounds of Rock House. It has views over both the stunning Rock House garden and the historic Cromford canal in the valley south of Cromford.

Cromford is the birthplace of the Industrial Revolution and is a UNESCO World Heritage Site. As a result, it has many more facilities than a normal village of this size. The village centre is packed with tourist facilities aplenty (the historic mills, canal, pubs, restaurants and shops) and walking and cycling routes head off in all directions. Matlock Bath, Matlock, Bakewell and Buxton are all within easy reach, as is the High Peak Trail, Chatsworth House and the many delights of the Peak District.

- Spectacular far-reaching views along the Derwent Valley
- Wraparound garden and paddock
- On a quiet, secluded private estate
- Walking distance to Cromford and Matlock Bath
- No upward chain and vacant possession
- Double Garage with workshop at rear
- EPC Rating D
- Enormous detached bungalow: 2,508 square feet of living space
- Driveway parking for 5+ vehicles
- Opportunity to upgrade and create your own dream home

Front of the home

Situated in the corner of this prestigious estate, a large Japanese laurel bush forms the front boundary. The tarmac drive slopes gently downwards towards the double garage and workshop, with tall bushes and trees on the left. On the right, flower beds and a lawn curve around the right of the home and all the way round to the valley and paddock. A path to the right of the garage leads to the main front door and a separate door into the utility room.

Entrance Hallway

We love this entrance hallway, which is indicative of the space and light to be found throughout the home. The carpeted hallway has sliding doors on the right to a double cupboard/wardrobe with hanging rail and shelving. It's the perfect place to kick off boots and coats after a hearty local walk. To the left there is space for a console table, with a glass-fronted display case above. In front are full-height windows to the courtyard garden and pond, bringing lots of natural light flooding in. A step up on the left leads to the dining room and on through to the study, sitting room, breakfast kitchen and utility room.

The hallway extends on the right with a radiator, door to the bathroom and a few steps up to four double bedrooms, an additional reception room, WC and huge, deep airing cupboard.
