At the core of their work is a hands-on, detail-led approach supported by a trusted team of tradespeople and long-standing subcontractors. Each site is meticulously prepared, with a strong emphasis on cleanliness and a crisp finish. Proudly independent, Cooke Construction LTD continues to work with local suppliers and builders' merchants, combining traditional values with modern execution.

WH DEVELOPMENTS DORSET LLP

Building from heritage, with a personal vision.

WH Developments Dorset LLP is a family-led development company founded by Kellie and Dom Cooke. Wordsworth House draws on decades of construction knowledge and a deeply personal connection to the building itself.

Formerly a care home purchased by Kellie's grandmother in 1982, Wordsworth House has played a defining role in her life, from childhood memories to her later career as a nurse and registered manager on site.

The building's east wing was added by her grandfather in 1985, embedding family history into its very structure.

When the care business was no longer sustainable, the pair were inspired to reimagine the property as a landmark coastal residence for a new generation. With heritage, emotion and quality at its heart, the project sets a high standard for what is to come.
