One of the standout features of this home is its position within the development itself. The road enjoys a quieter setting whilst still being just moments from everything Winnington Village has to offer, allowing children to safely play outside, learn to ride their bikes out to the front, or adventure to the nearby park with the perfect balance of independence and supervision that so many families are now prioritising.

"The home that just keeps giving, from room to room."

From the moment you step inside, the quality of finish is immediately apparent. Immaculately maintained and beautifully presented throughout, the home offers true turnkey living, meaning you can simply move straight in and start enjoying it from day one without the stress or expense of renovation.

The main living room provides a warm and versatile family space, equally suited to cosy evenings on the sofa, hosting friends, or creating a central hub for busy day-to-day life. It is a room designed for real living... comfortable, practical and welcoming in equal measure.

To the rear, the modern kitchen diner acts as the true heart of the home. Stylish yet functional, it offers ample space for family meals, entertaining and everyday routines, whilst overlooking the rear garden so parents can remain connected to outdoor play and family life. The flow between indoor and outdoor living works effortlessly during the warmer months, creating a home that feels sociable and easy to enjoy all year round.

Upstairs, the property continues to impress with three well-proportioned bedrooms, something often missing from many newer-build homes. Each room feels genuinely usable, allowing flexibility for nurseries, children's bedrooms, guest accommodation or home office space as family needs evolve over time.

The master bedroom benefits from a stylish ensuite shower room complete with double shower enclosure, finished in a sleek contemporary style that complements the rest of the property beautifully. A modern family bathroom serves the remaining bedrooms, continuing the same clean and high-quality finish throughout.

"Imagine, a home that grows with you and your family."

Externally, the rear garden has been thoughtfully designed to maximise both enjoyment and practicality. Low maintenance yet incredibly usable, it enjoys sunlight throughout the day and offers multiple spaces to relax, entertain and spend time together as a family.

The patio area is perfect for summer dining, whilst the raised decked seating area with pergola creates an ideal spot for evening drinks, weekend barbecues or watching the children play on the lawn.
